Senior product designer for B2B and B2C products and crowdfunding platforms.

Summary

I design B2B and B2C products and crowdfunding platforms end to end: research and user interviews, prototypes, design systems and analytics, with AI tools built into the work. A background in law shaped how I work: precise, accountable for every decision and ready to defend it with evidence.

Skills

Product design
UI/UX design, design systems, prototyping, user research, user interviews, analytics, AI tools

Experience

AnyBiz LTD / Product Designer / 2024 – Present
Ukrainian, Israeli and American company

AI platform for B2B sales prospecting and outreach across email, LinkedIn and phone.

– Design product features end to end, from user interviews and research to prototypes and handoff.
– Build and maintain the design system the product is designed in.
– Use product analytics to decide what to change and to check the result.
– Prototype with AI tools to test flows before they reach engineering.

Warmy / Product Designer / 2021 – Present
Ukrainian, Israeli and American company

Email warm-up and deliverability tool that builds the sender's domain reputation.

– Design the web app.
– Design the deliverability AI agent.
– Run UX research for the product.
– Certified Email deliverability expert, Warmy Inbox Academy, 2025.

Scale Development AS / Senior Product Designer / 2023 – 2024
Oslo, hybrid, part-time

– Designed the admin panel and the online store, and ran UX research.

AnyBiz LTD / Warmy / Product Designer / 2021 – 2022
Ukrainian and Israeli company

Web and admin-panel design for the outreach platform.

Freelance / Brand and book design / 2023 – 2024
Oslo

– Branding for Stiupan Translations ENK.
– Graphic design for a different client: layout of a 432-page family history book with 300+ images, printed by LOS DIGITAL AS in 2024.

DRON / Personal project / 2026

– Drone-as-a-service platform taken from research to a 134-page clickable prototype and a token-based design system, with a WCAG check on every decision. Built with Claude Code.

Earlier

– Fakkeltog, Oslo / Project Manager / 2023
– IT-Academy, Vinnytsia / Web Designer / 2018 – 2020
– Vinnytsia city department of justice / Leading specialist / 2009 – 2016
