Senior product designer for B2B SaaS, from the first user interview to the design system.

Summary

I design B2B SaaS products end to end: research and user interviews, prototypes, design systems and analytics, with AI tools built into the work. Before design I spent seven years in law, which taught me precision and accountability for every decision.

Skills

Product design
Design systems, prototyping, user research, user interviews, analytics, AI tools

Accessibility
WCAG 2.2, Apple HIG

Tools
Figma, Claude Code, Illustrator, Photoshop, InDesign, After Effects (basic), HTML/CSS basics

Experience

AnyBiz LTD / Product Designer / 2024 – Present
Remote, Ukrainian team

AI platform for B2B sales prospecting and outreach across email, LinkedIn and phone.

– Design product features end to end, from user interviews and research to prototypes and handoff.
– Build and maintain the design system the product is designed in.
– Use product analytics to decide what to change and to check the result.
– Prototype with AI tools to test flows before they reach engineering.

Warmy / UI/UX Designer / 2021 – Present

Email warm-up and deliverability tool that keeps campaigns out of spam.

– Design the web app for mailbox health, warm-up progress and deliverability.
– Certified Email deliverability expert, Warmy Inbox Academy, 2025.

Scale Development AS / Senior Product Designer / 2023 – 2024
Oslo, hybrid, part-time

AnyBiz LTD / UI/UX Designer / 2021 – 2022
Ukraine / Israel

Web and admin-panel design for the outreach platform.

Freelance / Brand and book design / 2023 – 2024
Oslo

– Logo for Stiupan Translations ENK, then UI/UX and book design for the same client.
– Layout of a 432-page family history book with 300+ images, printed by LOS DIGITAL AS in 2024.

DRON / Personal project / 2026

– Drone-as-a-service platform taken from research to a 134-page clickable prototype and a token-based design system, with a WCAG and HIG check on every decision. Built with Claude Code.

Earlier

– Fakkeltog, Oslo / Project Manager / 2023
– IT-Academy, Vinnytsia / Web Designer / 2018 – 2020
– Vinnytsia city department of justice / Leading specialist / 2009 – 2016
